

Bible Discussion Template

The one thing I want them to take away is...

How we respond to the word of God impacts our spiritual health

Scripture I will use: Luke 8:4-8, 11-15

Icebreaker (game, activity, question, tell a story)

Have you ever tried to grow plants before? How did it go?

The Meat

Read Luke 8:4-8, 11-15

- Who are the characters in the story?
 - Soil = us, seed = word of God, farmer = God
- *The goal of is to discuss the different responses to God's word*

Read 8:12, 13, 14

- *After each verse ask the following*
 - What do you think this looks like?
 - How can we avoid becoming this kind of soil?

Read 8:15

- What do you think this looks like?
- What is different with the good soil compared to the others?
- What does it mean to "produce a crop?"

Put a Bow On It (What do you want them to do?)

Being spiritually healthy requires that we hear the word (read the Bible), retain it (understand what it says), and produce a crop (implement it)
